Check with seller

Our client, the innovative engineering company from Slovakia has invented the world's first electric skid-steer loader ELISE with Zero Emissions. Now is looking for a joint-venture partner who will be interested in production of this loader according the manufacturing licence. We are looking for a serious partner. All relevant patent claims on the subject of partnership will also be shared with the potential partner.

Any other options for cooperation or joint-venture are also possible.

Please, contact us for more information at: saei@saei.sk
