Address:

Price:

Check with seller

The buyer is looking for an injection moulding company that can provide the following injection moulding related capabilities, products and applications:

High volume manufacturing, Injection moulding
Consumer Packaging, Food Packaging, Cosmetics
Medical Device, Proprietary products/IP
Disposable/consumable products
High mix plastic manufacturing

The size of the wanted injection moulding company should be medium
The revenue size of the target company should be between \$20m-\$60m
The location can be all across Europe - Western EU and Eastern EU

Reason for acquisition: The buyer aims to expand its position on the European market by acquiring an injection moulding company in Europe. The buyer is looking for a 100% acquisition and benefit from synergies
